

THE REVOLUTION HAS BEGUN
WELCOME HOME A NEW ZEALAND ICON

SENIOR DIGITAL DESIGNER

Long before hobbits and elves roamed this country, and long before rock stars began buying up their little pieces of our paradise, New Zealand was a primary nation. It was about the land and the livestock. Well, New Zealand Merino as part of the Primary Growth Partnership, is putting the **POWER BACK IN PRIMARY!**

Are you up for it? Defining and developing our creative brand communications can you help lead the revolution? Creatively brilliant you don't stop there – you can roll up your sleeves and get the work done too. You are an art director and designer both. Whether it's a website, a pitch, a product launch or a creative campaign you're a story teller, a picture painter using every digital tool available. While your focus is primarily internal you'll work in conjunction with brand partners on occasion too. You'll be able to share your vision, your flair, your design expertise with your team, raising the bar with each and every piece produced.

Experienced and able to inspire a team you'll be familiar with Adobe Creative Suite, Flash and html based media. Video production, AV editing, post productions including 3D effects would be great.

Up for it? Send your application to jobs@brannigans.co.nz quoting reference number AP2820.

For further information, contact Angie Peebles 03 345 8752 or Natalie McManus 03 345 8759
